PRINCIPAL ACTIVITIES

Infomedia Ltd is a company limited by shares that is incorporated and domiciled in Australia.

The principal activities during the period of entities within the consolidated entity were:

- developer and supplier of electronic parts catalogues and service quoting systems for the automotive industry globally; and
- information management, analysis and creation for the domestic automotive and oil industries.

There have been no significant changes in the nature of those activities during the half year.

REVIEW AND RESULTS OF OPERATIONS

CONSOLIDA	ATED
2008	2007
\$'000	\$'000
26,388	25,481

Sales revenue

The Company's reported sales revenue for the six months was \$26,388,000 which is in line with the earnings guidance range that the Company provided the market on 21 January 2009 (Earnings Guidance). This result represents an increase of \$907,000 over the previous corresponding period. Electronic Parts Catalogue subscriptions declined 1% to 53,686 but this was offset by Superservice Menu subscriptions growth of 42% to 4,865, giving rise to a net 1% increase in total subscriptions over the previous corresponding period. This increase combined with a more favourable Australian dollar during the period gave rise to the increase in sales revenue reported between periods.

The reported net profit after tax for the six months was \$6,479,000 and exceeds the Earnings Guidance. The Company experienced increased operational expenses during the period as it continued preparations to release new products over the coming months. The Company's first half results included a net tax credit of \$727,000 which lowered the effective tax rate from the prior year to 14%. The Company anticipates the second half effective tax rate to return to historical averages.

With respect to debtors, the Company has not seen a material increase in debtor days compared to the prior corresponding period. Nevertheless, given the uncertain economic climate, the Company has taken the precautionary step of increasing its doubtful debt provision by \$630,000 for the period ending 31 December 2008.

DIRECTORS' REPORT

The Company reconfirms that it anticipates 2009 financial year sales revenue to be between \$51 million and \$53 million and net profit after tax to be between \$10 million and \$11 million.

ROUNDING

The amounts contained in this report and in the financial report have been rounded to the nearest \$1,000 (where rounding is applicable) under the option available to the Company under ASIC Class Order 98/0100. The Company is an entity to which the Class Order applies.

AUDITOR INDEPENDENCE DECLARATION

Sichard Seah

The Directors received an auditor's independence declaration from the auditor of the Company (refer next page).

1. CORPORATE INFORMATION

The financial report of Infomedia Ltd for the half-year ended 31 December 2008 was authorised for issue in accordance with a resolution of the directors on 19 February 2009. Infomedia Ltd is a company incorporated in Australia and limited by shares, which are publicly traded on the Australian Stock Exchange. The nature of the operations and principal activities of the consolidated entity are described in the Directors' Report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

The half-year financial report should be read in conjunction with the annual Financial Report of Infomedia Ltd as at 30 June 2008

It is also recommended that the half-year financial report be considered together with any public announcements made by Infomedia Ltd and its controlled entities during the half-year ended 31 December 2008 in accordance with the continuous disclosure obligations arising under the *ASX listing rules*.

(a) Basis of preparation

The half-year consolidated financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the *Corporations Act 2001*, AASB 134 *Interim Financial Reporting* and other mandatory professional reporting requirements. The half-year financial report has been prepared on a historical cost basis, except for derivative financial instruments that have been measured at fair value.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

(b) Significant accounting policies

The half-year consolidated financial statements have been prepared using the same accounting policies as used in the annual financial statements for the year ended 30 June 2008, except for the adoption of amending standards mandatory for annual periods beginning on or after 1 January 2008, as described in Note 2(d).

(c) Basis of consolidation

The financial statements comprise the financial statements of Infomedia Ltd and its subsidiaries ('the Consolidated Entity'). The financial statements of subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. Adjustments are made to bring into line any dissimilar accounting policies that may exist. All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full. Unrealised losses are eliminated unless costs cannot be recovered. Subsidiaries are consolidated from the date on which control is transferred to the Consolidated Entity and cease to be consolidated from the date on which control is transferred out of the Consolidated Entity. Where there is loss of control of a subsidiary, the consolidated financial statements include the results for the part of the reporting period during which Infomedia Ltd has control.

(d) Changes in accounting policies

Certain Australian Accounting Standards and interpretations have been recently issued or amended but are not yet effective. These standards have not been adopted by the Group for the half-year reporting period ended 31 December 2008. The Director's have yet to finalise their assessment of the impact of these new or amended standards (to the extent relevant to the Group) and interpretations.

Segment products and locations

Geography is the primary segment. The geographic policy is based on customer location.

Secondary segment information is reported in a distributor and corporate classification. The corporate function designs and owns the intellectual property of the products. The distributors perform the distribution functions for the group. The distributors purchase the products from corporate and mark the prices up for resale to customers.

Transfer prices between business segments are set on an arm's length basis in a manner similar to transactions with third parties. Segment revenue and segment result include transfer between business segments. Those transfers are eliminated on consolidation.

8. SUBSEQUENT EVENTS

To the members of Infomedia Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Infomedia Limited, which comprises the balance sheet as at 31 December 2008, and the income statement, statement of changes in equity and cash flow statement for the half-year ended on that date, other selected explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end 31 December 2008.

Directors' Responsibility for the half-year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2008 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Infomedia Limited and the entities it controlled during the half-year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of Infomedia Limited is not in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the consolidated entity's financial position as at 31 December 2008 and of its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
