### INTRODUCTION

Infomedia strives to meet the governance framework and recommendations set out in the ‘*Corporate Governance Principles and Recommendations 4<sup>th</sup> Edition*’ (the **ASX Principles**) in a manner consistent with its size, resources, and within the context of its operating environment. Where Infomedia does not conform with an element of the voluntary framework, the Company follows the ‘if not, why not’ framework by explaining and contextualising areas of non-conformance in this statement.

This Corporate Governance Statement is current as at 12 October 2022 and has been approved by the Board of Infomedia. Further information about Infomedia’s corporate governance is available at: [www.infomedia.com.au/governance](http://www.infomedia.com.au/governance)

## 1. LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

### 1.1 Board and management responsibilities

<b>Board Composition</b>	Conduct Board evaluations and to ensure it is comprised of an appropriate mix of skills, experience, talent and diversity
<b>Major Transactions</b>	Approve major capital expenditures, changes in capital structures and transactions falling outside management’s authority

<b>Dividends and Funding</b>	Approving dividend policy, dividend reinvestment plans and the amount and timing of dividends

<b>Performance Review</b>	Monitoring and evaluating the performance of the CEO and maintaining oversight in respect of the CEO's direct reports
<b>Diversity</b>	Fostering within the Company a culture of, and commitment to, workplace diversity

The Charter delegates implementation of the Company's objectives and strategies to senior executives who are responsible for the day-to-day operations of the Company and for ensuring that the Board is sufficiently informed to perform its key strategic and risk-management functions. A copy of the Board Charter is available on the Company's website at: [www.infomedia.com.au/investors/corporate-governance/board-charter](http://www.infomedia.com.au/investors/corporate-governance/board-charter)

## 1.2 Election and appointment of directors

Before appointing a new director, or recommending a candidate for election to the Board for the first time, the Company assesses the candidate against the following criteria:

Skills, Experience, Composition and Diversity	Capacity	Independence	Background
Assessment of relevant skills, experience and personal qualities that will best complement and enhance Board effectiveness and diversity of composition	Ensuring the candidate is ready and able to devote the necessary time and commitment to the role	Assessing potential conflicts of interest and the overall independence of the candidate	Conducting, to the extent appropriate reference checks and other 'due diligence' on the candidate

Any newly appointed non-executive director will stand for election at the next Annual General Meeting of shareholders (**AGM**) as required by Infomedia's Constitution and the ASX Listing Rules. The Company and the Board conduct appropriate background checks on new director candidates and provides all known and material information about the candidate which is deemed relevant to shareholders' decision to elect or re-elect any candidate. This information includes:

- biographical details (including relevant qualifications, experience and skills), and details of any other material directorships currently held by the candidate;
- whether in the Board's view the person would, if elected or re-elected, qualify as an independent director;
- in the case of a new candidate for election - any material adverse information revealed by the various background checks performed in relation to them by the Company, as well as details of any interest, position, association or relationship that might materially influence the person's judgment as a director;
- in the case of an existing director standing for re-election - the term of office already served by them; and
- a statement as to whether the Board supports the individual's election or re-election.

## 1.3 Written agreements with each director and senior executive

The terms of appointment both for directors and for senior executives are documented by written agreements between each director and the Company to ensure a clear understanding of their respective roles, responsibilities and expectations.

## 1.4 The Company Secretary

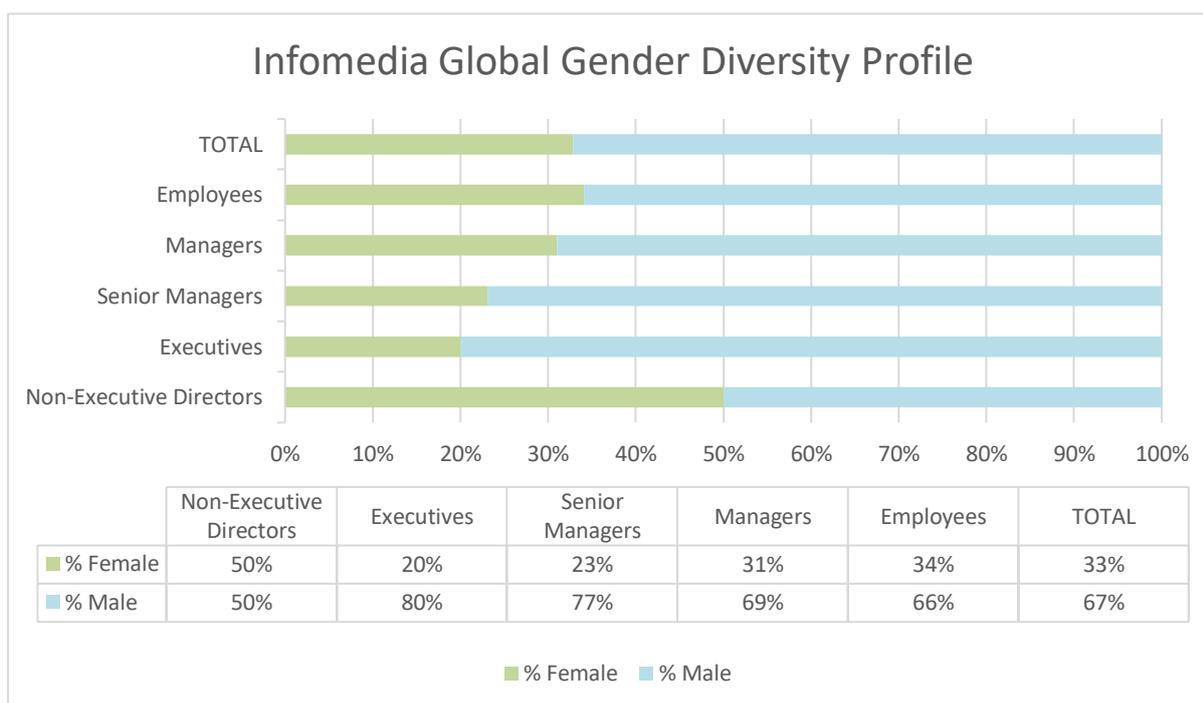

The company secretary plays a key role in supporting the Board's functions. The company secretary is responsible for ensuring that business conducted at Board and Committee meetings is aligned with the Company's internal governance procedures and appropriately documented, and is directly accountable to the Infomedia Board, through the Chairman, in performing these functions. Appointments to the secretarial role are made by resolution of the Board.

## 1.5 Workplace Diversity and Gender Equality

### Position statement on diversity and diversity data

Infomedia’s Board and management encourage a culture in which all forms of diversity are valued. The Company maintains a formal Diversity Policy, a copy of which is available within the corporate governance section of the Company’s website at: [www.infomedia.com.au/investors/corporate-governance/diversity-policy/](http://www.infomedia.com.au/investors/corporate-governance/diversity-policy/)

The following diagram illustrates the Company’s gender profiles at various levels of seniority across the business globally.<sup>1</sup> The categories of executives and managers are classified based on their level of accountability within the organisation (e.g. a senior executive is directly accountable to the Chief Executive Officer (CEO), whilst a senior manager is directly accountable to a senior executive and so on):

The Company is a “relevant employer” for the purposes of the Workplace Gender Equality Act. In accordance with recommendation 1.5(c)(2) of the ASX Principles, the Company tracks the following Gender Equality Indicators (as defined in and published under that Act) for its Australian workforce. The Company’s most recent Gender Equality Report – 2021-2022 (Australia only) can be viewed in the “corporate governance” section of its website at: [www.infomedia.com.au/files/investors/infomedia-wgea-report-2022.pdf](http://www.infomedia.com.au/files/investors/infomedia-wgea-report-2022.pdf)

In addition to gender diversity initiatives, Infomedia is committed to building a workforce that respects and values the contributions of its culturally and linguistically diverse staff. Understanding how inclusivity and cultural diversity positively impacts Infomedia, not only helps the company but also creates a better working environment and culture for our people.

### Adoption of measurable objectives

The Company has not adopted formal, measurable objectives, for achieving gender diversity, placing it outside of technical compliance with recommendations 1.5(c) of the ASX Principles. The Company operates on a merit-based recruitment and selection philosophy to ensure the strongest and most suitable candidates are appointed, regardless of gender or any other characteristic. The Company intends to address its non-compliance with this recommendation during FY23 by working towards setting diversity goals.

<sup>1</sup> Figures current as at 30 June 2022.

### 1.6 Performance evaluation of the Board

The Company maintains a Remuneration and Performance Evaluation Policy (**Remuneration and Performance Policy**). The Remuneration and Performance Policy outlines the criteria for assessing the performance of the Board, individual directors, the Chairman of the Board and senior executives. A copy of the Remuneration and Performance Policy, which was recently updated and approved by the Board, can be viewed on the Company’s website at: [www.infomedia.com.au/investors/corporate-governance/performance-evaluation/](http://www.infomedia.com.au/investors/corporate-governance/performance-evaluation/)

The Board did not undertake a formal performance evaluation process during the period.

### 1.7 Performance evaluation of senior executives

Senior Executives, including executives who are key management personnel, are subject to an annual performance management process. It includes setting of personal objectives and key performance indicators and operates in conjunction with the Company’s short-term incentive remuneration framework. The plans are set with input from the Remuneration, People and Culture Committee and are approved by the Board. Performance against those objectives is measured and assessed by the CEO, or in the case of the CEO, by the Chairman of the Board.

During the period performance assessments of Executive KMP and senior executives were completed as part of the Company’s regular performance planning and management process. Further details about remuneration outcomes for key management personnel are set out in the Company’s 2022 Remuneration Report.

## 2. STRUCTURE THE BOARD TO ADD VALUE

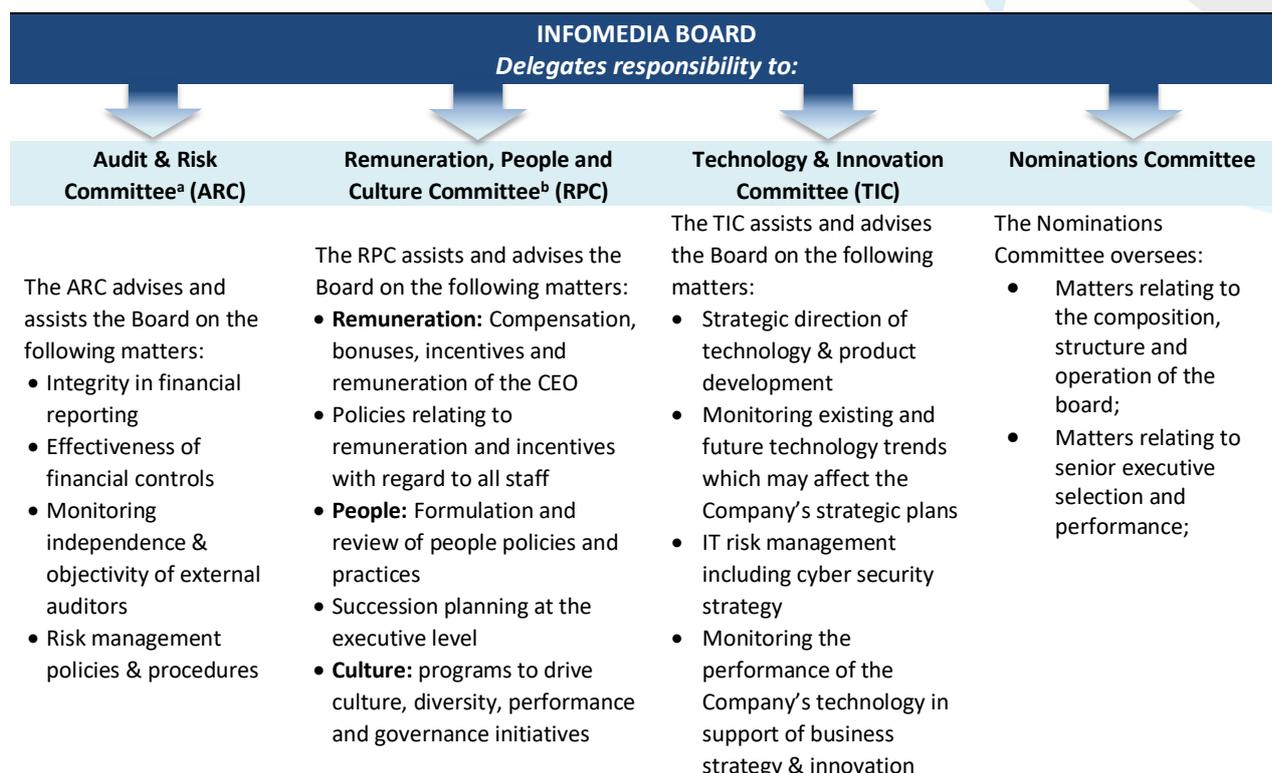

### 2.1 Structure and Composition of the Board and Committees

The composition and size of the Board is primarily guided by Infomedia’s Constitution. Careful consideration is given to the contribution each director can make both individually and collectively to effectively discharge the Board’s responsibilities.

As at the date of this report the Company’s governing Board and sub-committees are comprised as follows:

		Board	Audit and Risk Committee	Remuneration People and Culture Committee	Technology and Innovation Committee	Nominations Committee
<b>Independent</b>	Bart Vogel	Chair		✓	✓	Chair
<b>Non-Executive Directors</b>	Kim Anderson	✓	✓	Chair		✓
	Jim Hassell	✓	✓		Chair	✓
	Anne O’Driscoll	✓	Chair	✓		✓
<b>Executive Director</b>	Jens Monsees	✓			✓	

The Board discharges its obligations directly and via appropriate delegations to its sub-committees via the following structure:

a. Further information about the ARC is set out in section 4 and 7 below.

b. Further information about the RPC is set out in section 8 below.

c. Further information about the Nominations Committee is set out in section 2.4 below.

## 2.2 Board Independence

The Board maintains active processes requiring the Board to regularly review and report relevant interests via the Company Secretary. The Board seeks to actively identify, manage and prevent material threats to Board independence and/or conflicts of interest at all times. The Board is comprised of a majority of independent non-executive directors and the role of Chairman and CEO are separated, as outlined in section 2.1 above. The table below outlines the tenure of each current non-executive director and confirms their status, as assessed by the Board.

Notably, Mr Jim Hassell held the position of interim Chief Executive Officer (CEO) and Managing Director (MD) between October 2021 and May 2022 whilst the Company secured a permanent CEO and MD. Despite this appointment, the Board considers that Mr Hassell remains independent on the basis that he first joined the Infomedia Board in May 2021 and because he held the appointment for less than 12 months. Mr Hassell's remuneration was also carefully structured as a fixed salary during this period to reduce the likelihood of a conflict of interest arising in relation to any variable remuneration component which might compromise, or have the appearance of compromising, Mr Hassell's independence.

Director	Appointed	Last Elected by Shareholders	Status
Mr Bart Vogel (Chairman)	August 2015	November 2021	Independent Non-Executive Director
Ms Kim Anderson	June 2020	November 2020 <sup>^</sup>	Independent Non-Executive Director
Ms Anne O'Driscoll	December 2014	November 2020	Independent Non-Executive Director
Mr Jim Hassell	May 2021	November 2021 <sup>*</sup>	Independent Non-Executive Director

### Notes:

<sup>^</sup> Ms Anderson will stand for re-election at the Company's 2022 AGM.

<sup>\*</sup> As noted in the Company's 2021 Notice of Annual General Meeting, Mr Hassell will also stand for re-election as an independent non-executive director following his seven-month tenure as interim Chief Executive Officer and Managing Director, allowing shareholders the opportunity to affirm his status as an independent director.

## 2.3 Board skills

There is strong emphasis on promoting, among other attributes, an appropriate mix of complementary skills, independence, expertise, business knowledge and executive and non-executive participation. The details of each director's

name, terms of office, meeting attendance records, experience and expertise appear on page 10 of the 2022 Annual Report.

The Board considers that expertise and experience in the automotive industry, information technology, mergers/acquisition, professional services (including accounting and communications), executive leadership (sales, marketing and human resources), governance structures, strategy development, risk management, management of international business operations, emerging markets business experience and investor relations are important to the successful governance and stewardship of the Company. The Board are satisfied that the appropriate mix of qualifications, skills and experience is achieved in its current membership.

## 2.4 Board nomination and succession-planning

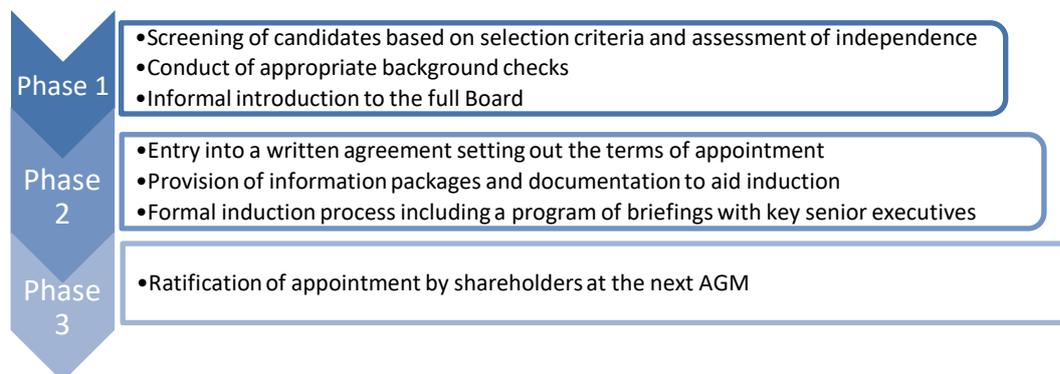

The Nominations Committee has responsibility for overseeing matters relating to Board composition and succession-planning. A copy of the Committee's charter is available via the Company's website at [www.infomedia.com.au/investors/corporate-governance/nomination-committee-charter/](http://www.infomedia.com.au/investors/corporate-governance/nomination-committee-charter/).

The composition of the Nominations Committee meets all the requirements of recommendation 2.1(a) of the ASX Principles as it has three members, all of whom are non-executive independent directors and is chaired by an independent non-executive director.

The current composition of the Nominations Committee is set out above in section 2.1. For more detailed information, including the relevant qualifications and experience of its members, as well as the number of meetings held and individual attendances of members over the course of the financial year, see page 10 of the 2022 Annual Report.

## 2.5 Board induction and professional development

As noted above, the Company maintains a formal policy for the nomination and induction of directors with three broad phases:

The Company provides directors with appropriate professional development opportunities to develop and maintain their relevant skills and knowledge. Infomedia's non-executive directors are members of the Australian Institute of Company Directors (AICD) and are required by the AICD undertake mandatory continuing professional development obligations in accordance with the AICD's Director Professional Development Guidelines. Professional development resources are routinely received from the Company's auditors and other professional advisory firms, and the directors routinely attend conferences and seminars referable to their remit on the Board and/or its sub-committees.

Material incidents reported under this policy are reportable to the Board.
- **Modern Slavery Policy:** the Company has maintained a voluntary position statement on Modern Slavery since 2018. During the reporting period, the Company elected to adopt a formal policy on Modern Slavery, outlining the Company’s position on Modern Slavery and its practices to reduce the risk of Modern Slavery within its supply chain. ## 7. RISK MANAGEMENT

### 7.1 Audit and Risk Committee

The Audit and Risk Committee oversees risk. The composition of the Committee conforms with ASX recommendation 7.1 as is outlined above in sections 2.1 and 4.1 above. The number of Committee meetings and individual attendances are set out on page 33 of the 2022 Annual Report. A copy of the Audit and Risk Committee Charter is available on the Company's website at <http://www.infomedia.com.au/investors/corporate-governance/audit-and-risk-charter/>.

### 7.2 Risk management

The Board, through the Audit and Risk Committee, has oversight of the establishment, implementation and monitoring of appropriate risk management frameworks and internal controls. To this end, the Company maintains a formal Risk Management Plan and Policy (**Risk Policy**) aligned to ISO31000 standards. As a technology Company, Infomedia's cognisance of information security is paramount and to this end, the Company has developed comprehensive information security protocols and processes which have been validated and certified against ISO27001:2015 standards (refer to [www.infomedia.com.au/certificates/](http://www.infomedia.com.au/certificates/)).

Establishment of risk management procedures, compliance and control rests with the CEO, CFO and senior executives and, at a daily operating level, with departmental managers. During the reporting period, the Audit and Risk Committee reviewed the entity's risk management framework and re-confirmed its ongoing effectiveness. The Committee also considered the key operational risks and the controls implemented by management to mitigate those risks. A summary of risks relevant to the Infomedia group are separately outlined from page 15 of the 2022 Annual Report. A copy of the Company's Risk Policy is available on the Company's website at: [www.infomedia.com.au/investors/corporate-governance/risk-management/](http://www.infomedia.com.au/investors/corporate-governance/risk-management/).

### 7.3 Internal audit function

In the Board's view, given the Company's current size and high degree of centralisation of financial and commercial functions, no significant benefit would be gained from establishing a separate internal audit function. Under the Audit and Risk Committee's oversight, the CFO is tasked with continually monitoring the Company's financial risk management processes. The Committee also considers any suitable internal controls recommended by the external auditor. In the Board's view this arrangement, combined with the Company's policy for monitoring the independence of the external auditor, is sufficient to ensure that effective and appropriate risk management processes are maintained.

### 7.4 The Company's economic, environmental and social sustainability risk profile

The Company routinely examines its exposure to economic, environmental, and social sustainability risk via its risk management processes, primarily discharged by the Audit and Risk Committee. The Company considers risk in the conduct of its business and outlines its exposure to economic and operating risks outlined from page 15 of the 2022 Annual Report, consistent with the recommendations of ASIC Regulatory Guide 247.

## 8. EXECUTIVE AND NON-EXECUTIVE REMUNERATION

### 8.1 Remuneration Committee

The Company maintained a Remuneration, People and Culture Committee throughout the reporting period. The Committee is chaired by an independent director, and all Committee members are independent directors. The current membership of the Committee is set out in section 2.1 above. The number of meetings held and individual attendances of members during the period are set out on page 33 of the 2022 Annual Report. A copy of the Remuneration Committee Charter is available on the Company's website at: [www.infomedia.com.au/investors/corporate-governance/remuneration-committee-charter/](http://www.infomedia.com.au/investors/corporate-governance/remuneration-committee-charter/).

### 8.2 Infomedia's remuneration policies

The Board, through the Remuneration Committee, has oversight of the establishment, implementation and monitoring of appropriate remuneration frameworks. The Board has processes in place to raise issues relating to remuneration in the form of regular reporting by senior executives.

The Company maintains a Remuneration and Performance Evaluation Policy (**Remuneration and Performance Policy**) which is aimed at attracting, retaining and motivating Directors and Senior Executives, ensuring they have the appropriate quality and skills, according to market factors and the Company's financial capacity; and to link remuneration directly to corporate and individual performance. The corporate and individual performance of Directors and Senior Executives are assessed in accordance with the Remuneration and Performance Policy. A copy of the Remuneration and Performance Policy is available on the Company's website at: [www.infomedia.com.au/investors/corporate-governance/performance-evaluation/](http://www.infomedia.com.au/investors/corporate-governance/performance-evaluation/).

The Company utilises a range of remuneration incentives as summarised in the table below:

Non-Executive	Executive
<b>Components of Non-Executive Director Remuneration</b>	<b>Components of Senior Executive and Staff Remuneration*</b>
<ul style="list-style-type: none"> <li>▪ Directors' fees</li> <li>▪ Statutory superannuation contributions</li> </ul>	<ul style="list-style-type: none"> <li>▪ Salary</li> <li>▪ Statutory superannuation contributions</li> <li>▪ Short Term Incentives</li> <li>▪ Long Term Incentives</li> <li>▪ Equity backed bonuses</li> <li>▪ Commissions</li> </ul>

\* Note –Differing combinations of remuneration and incentives are offered on a case-by-case basis

Further details concerning the Company's policies and practices regarding the remuneration of key management personnel are contained in the Company's 2022 Remuneration Report.

### **8.3 Prohibition of hedging arrangements**

The terms of the Company's Equity Plan Rules, which governs all security-based incentives, expressly forbids participants from entering into transactions which limit the economic risk of participating in the scheme unless specifically permitted by the *Corporations Act 2001* (Cth). A similar restriction is also contained within the Company's Securities Trading Policy, a copy of which is available at: [www.infomedia.com.au/investors/corporate-governance/securities-trading/](http://www.infomedia.com.au/investors/corporate-governance/securities-trading/)
