

Superservice Menus™ is an online, VIN-specific Service and Repair Quoting system that delivers fast, accurate and reliable menu pricing.

- VIN-Precise Service and Repair Menus**  
Accurate and efficient – Create customer-ready quotes, repair orders and invoices with detailed menus containing parts, labour, fluids, shop supplies and pricing.
- Fast and Transparent Quoting**  
Strengthen the value of genuine service – Email or print professional and fully priced quotes to help deepen a customer’s understanding of their vehicle service.
- Automatic Updates to the Latest OE Data**  
Improve productivity – Spend more time serving customers and less time maintaining data with access to the latest OE parts and pricing information.
- Lifetime Service Plans**  
Sell more service plans – Instantly project weekly, monthly, total lifetime or distance-based service costs.
- Seamless Integration**  
Expand capabilities – Integrated to a number of leading global DMS systems, Microcat Electronic Parts Catalogue, Superservice Triage Vehicle Health Check system and online booking systems.

“Right away, we could see how easy Superservice Menus is to use. The VIN-specific information virtually eliminates errors. Our staff says they don’t know what they would do without Superservice Menus.”

Kim Bush, Service Director
