

ACCESS THE LATEST OEM PARTS DATA ANYTIME, ANYWHERE!

Microcat Market puts you in full control to order genuine parts using the latest available OEM data including illustrations and pricing. Follow the steps below and see the **Getting Started Guide** for more information.

1

Your Applications

Go to login.superservice.com and enter your user name and password, and click **Log In**.

Then, click **Start** to launch the application.

Your user name and password will be supplied by your participating dealer.

2

Search by VIN in the **Vehicle Search** box.

1 Identify Vehicle

3

Search for parts by description or part number in the **Parts Search** box.

2 Select Parts

4

Select a part, click **Order** on the **Part Data** card, then click the **Orders** tab at the top of the screen.

3 Orders

5

Enter a PO number and add any notes, then click on the **Delivery Details** tab.

Delivery Details

6

Select the **Same as customer address** checkbox or enter the specific shipping address details. Then click **Place Order** to send the order to your dealer.

Place Order

Continue working while your dealer processes your order.
